

## Student Survey

Please complete this and return to class as soon as possible.

Name \_\_\_\_\_ Phone number(s) \_\_\_\_\_

Email \_\_\_\_\_ (Please write this extremely clearly)

1. Please indicate where and when you took your most recent math course, and what kind of course it was. If you have already taken a calculus course state where and when.

---

---

2. What are your reasons for taking applied calculus, and what goals do you have for the semester? If it is a requirement, please say what it is required for -- ie, what major or degree. If you are not taking the course to fulfill a requirement, please indicate how you chose this course (as opposed to calculus 1, for example).

---

---

3. How interested are you in business and economic applications, involving supply and demand, cost, revenue, profit, etc? (Circle one:)

Lowest 1                      2                      3                      4                      5                      Highest

4. How interested are you in science, ecology, or medicine applications? (Circle one:)

Lowest 1                      2                      3                      4                      5                      Highest

6. Any special interests or hobbies you would like to share?

---

---

7. Any special concerns about this class?
